

Helping you to thrive by building independence

The specialist provider with a difference

Healthscope Independence Services believes that people with a disability should be empowered to achieve greater independence, in a safe and caring environment.

We support clients to achieve their goals, whether it be in the community, independent living, shared supported accommodation or Specialist Disability Accommodation.

We're registered with NDIS TAC, icare, TIO and WorkSafe Victoria, and meet all government and legislative requirements.

Locations across Australia

Shared supported accommodation and Specialist Disability Accommodation (SDA) designed for individual care and support

It's our absolute focus to support people living with a disability to get the most out of life.

This means working together to design a plan of support for each individual client based on their goals and support needs.

We offer short, medium and long-term accommodation and respite care.

Melbourne metro

Clayton South, Cranbourne, Croydon North, Forest Hill, Glen Waverley, Ivanhoe, Kew, Kew East, Moonee Ponds, Ringwood East and West Melbourne

Victoria Regional

Bendigo, Geelong, Shepparton

NSW Regional

Albury

Northern Territory

Darwin: Rosebery, Johnston and Alawa

Building people's life skills, as they live their life

We're all unique. That's why we make sure every client receives personalised supports that match their plan and goals. And because day-to-day living is more than being at home, we offer supports for social, community and recreational activities.

These include:

- Personal care support such as hygiene, showering, and dressing
- Community support to get out and about in the community
- At home support including laundry, cleaning or basic chores around the house

Whether it's high intensity supports or independence skill development, the goal is always to help you achieve greater independence, choice and control.

Experts in high quality care

For more than 30 years, our dedicated team has been making a difference in the lives of people with disability.

Our staff are carefully selected to meet the specific needs of each client and are trained to support complex needs. All staff have their NDIS clearance checks and receive ongoing training.

Complex situations, made easier with supported independent living

- ✔ Residential Care services - Provider of accommodation services for clients with high support needs
